

# Dangle

Rusted Root

Are you serpent or you just danglin on me.  
I watch you sufferin' (Hands down swirl, soul)  
From the things you Could not receive  
(Hard to say but I can't) yeah dangle on (Really lie)  
Keep dangling on me (I feel I could really harm)  
I love to watch you suffer,  
I love to see you crawl (Crawl through this, watch you dangle)  
I love to watch you dangle on above these walls.  
Cause when all my days are gone, you all will see, my love go w  
alking home

Well when I run I dangle on a string,  
as you cool, you cool,  
you cool my body down,  
when I want to run & when I want to hide what I want,  
well I dangle, I dangle on a string.

Dangle on, on a string, dangle on, all you bring,  
Dangle on, on a string, Dangle on

I dangle on, As you cool, you cool, you cool my body down.  
As the clay has crusted on my wings I feel I've been buried yes  
terday  
but I'll heal by the gorgeousness of my eye,  
I will heal by the gorgeousness of my eye,  
Well be strong, be strong, till this second wave of my love, of  
my love

Well dangle on, on a string,  
Dangle on, all you bring,  
Dangle on, on a string, dangle on
