

## Stereo Rodeo

Rusted Root

Away I go  
So far it's so good (It's so good) to live this life  
Yes, I've come around the world to round me up a girl from Japan tonight  
So, whatta I gotta do'  
There's a stereo rodeo  
Come in and lie to Japan tonight  
I need my sugar in the dirt  
'Cause I'm a rodeo star here in Japan

And I know that one's a rebel cause  
She's got the whitest socks of them all  
Here she comes across the neon bar with her groove  
So on  
Well, alright  
So, whatta I gotta do'  
There's a stereo rodeo  
Come in and lie to Japan tonight  
I need my sugar in the dirt (In the dirt)  
In the dirt (In the dirt)  
It was just one kiss  
This lie might be revealed  
Away we go  
So far it's so good, she can't tell a lie
