

Sun And Magic

Rusted Root

All I can do to not fall apart is keep you as a riddle, dancing
in my heart

When all the disasters are over it will be such bliss

So just you relax, now, 'cause here comes a kiss

OK

I hope and pray that a miracle it's on its way

Isn't it strange how they do it and how they don't know how long'

Hit me

It's automatic, cinematic

What is it'

What is it'

Hit me

It's Sun and magic to me

I wouldn't know what to do if I didn't have you

I'm pretty sure right now I wouldn't have a clue

If they come looking for me, I will disappear 'cause there's no
one I rather be now than you with me here

OK

I hope and pray that a miracle it's on its way

Isn't it strange how they do it and how they don't know how long'

Hit me

It's automatic, cinematic

What is it'

What is it'

Hit me

It's Sun and magic to me

So listen to it rolling on and on and on

Now here comes the end

I can dance, dance, with the lights on, babe, but you know I'm
playing

Cool whip in my devil, devil touch, touch, touch, you know I'm
staying

All I can do right now is control my own mind (Mind, mind, mind
) 'cause it's not a believer's world, you gotta go out and find
it

You are my riddle, you keep dancing (Dancing) in my heart so I'
m gonna need you here right from the start (Start, start, start
)

OK

I hope and pray that a miracle it's on its way

And isn't it strange how they do it and how they don't know how
long'

And isn't it strange how they do it and how they don't know' OK

I hope and pray that a miracle it's on its way

Hit me
It's automatic, cinematic
What is it'
What is it'
Hit me
It's Sun and magic to me
