

Weave

Rusted Root

I will shine
keep it flowing til the end of time
on my way
barely living only for today

I'm gonna buy my baby a new backbone wig
my wave is gonna come in soon
and you will find
I'll keep it flowing til the end of time

Weave your grace with mine
wiggle your backbone wig with me, baby
wiggle your backbone

On my own
and I'll call you, baby, on the phone
No one's home
still you'll act as if you're all alone

I'm gonna buy my baby a new backbone wig
my wave is gonna come in soon
You will find
I'll keep it flowing til the end of time

Don't it make you want to shine?
You make me want to shine..
