

Cut The Cord

RVIVR

Empty buildings
But they keep building
Concrete cold feet
We forgot so much we used to know
Cuz it there's no room to grow we'll all explode
Everybody's talking shit
You get used to it
We float on and on and on
And everybody's feeling bored just cut the cord
That's dragging you on and on
Stuck in the middle of people
There ain't no way around it
Like if you hole up inside you'll stay warm and dry
No no no no
