

## Cut The Cord

RVIVR

Empty buildings  
But they keep building  
Concrete cold feet  
We forgot so much we used to know  
Cuz it there's no room to grow we'll all explode  
Everybody's talking shit  
You get used to it  
We float on and on and on  
And everybody's feeling bored just cut the cord  
That's dragging you on and on  
Stuck in the middle of people  
There ain't no way around it  
Like if you hole up inside you'll stay warm and dry  
No no no no
