

In Waves

RVIVR

Ooh you ain't got to tell me
That all my story sound the same
You know I got that good ear
And I always listen for the change
Just stop telling me
That nothing gonna stay the same

I'm always stuck in the middle,
Nobody gives you any space
Come on

It comes in waves(it comes in wave)
Sun comes out and burn your fucking face

It comes in waves (it comes in waves)
Come alive like it's your first day

They wanna make you forget
The power right beneath your shirt
A lightning bold on fire
Yeah we are strong but no invulnerable

It comes in waves(it comes in wave)
Sun comes out and dries your crying face

It comes in waves(it comes in wave)
It comes in waves(it comes in wave)

I know that something's got to give, ooh, ooh
Nobody taught you how to live ooh, ooh
I know that something got to give much revil
Nobody taught you to live, ooh, ooh

I know that something's got to give, ooh, ooh
Nobody taught you how to live ooh, ooh
I know that something got to give much revil
