

The Sound

RVIVR

It's the same thing
That I can only ask about
I can only think to say
Yeah, I can only see

But it's not the words, it's the sound
We sink our words deep in the dark
And we're down, down, down

It's not the same thing
Yeah, we can only cast about
I feel the hate

But it's not the words, it's the sound
We bring them deep in the ground
We're not alone

But it's that kind of pain
That disobeys and stays
Seems darkness moves faster
Than the light

What will you find friend?
You're such a fine friend
I've seen the fllowers grow in your light

What will you find friend?
You're such a fine friend
I've seen the fllowers grow in your light

But it's not the words, it's the sound
We bring them deep in the ground
Down, down, down and down

But it's not the words, it's the sound
We bring them deep in the ground
Down, down, down and down
