

## Ridin' With The Blues

Ry Cooder

It's gettin'-out time down at the high school  
We're checking out all the little cheerleaders like you  
With your cheerleadin' dress and your cheerleadin' shoes,  
Step over here baby shake hands with the blues  
Ol' blues like to ride in my Cadillac  
Likes to ride up in front likes to ease down in back  
Slide over baby this ain't what you think  
Ol' blues is gonna drive while I get us a drink  
Baby you can ride with me  
Hope you don't mind bein' three  
Pull up your dress and kick off your shoes  
You're gonna have a god time ridin' with the blues  
Goin' to take a little ride and see an old friend of mine  
Do a little business down on the state line  
If it don't feel right we'll bust right through  
Hang on baby you're ridin' with the blues  
If the police ask better give 'em the slip  
Tell 'em you been out on a high school field trip

If your teachers been wonderin' just where you been gone  
Tell 'em you're learnin' the blues from now on  
So pull up your dress and kick off your shoes  
Gonna have a good time ridin' with the blues
