

School Is Out

Ry Cooder

No more books and studies
And I can stay out late with my buddies
I can do the things that I wanna do
'Cause all my cares are through
I can root for the Yankees from the bleachers
And don't have to worry 'bout teachers
And I'm so glad that school is out
Well, I'm gonna sing and shout!

(School is out)
Everybody's gonna have some fun
(School is out)
Everybody's gonna jump and run
(School is out)
Come on, people, don't you be late
(School is out)
I just got time to take my girl out on a date
School is out at last
And I'm so glad I passed
Everybody come and go with me
We're gonna have a night with Daddy

People, are you ready, people, are you ready
For the show time, show time that's in your town?
People, are you ready, people, are you ready
For the show time, show time that's in your town?
