

# I Know Places

Ryan Adams

You stand with your hand on your waistline  
It's a scene and we're out here in plain sight  
I can hear them whisper as we pass by  
It's a bad sign, it's a bad sign  
Something happens when everybody finds out  
See the vultures circling dark clouds  
Love's a fragile little flame  
It could burn out, it could burn out

Cause they got the cages, they got the boxes and guns  
They are the hunters, we are the foxes and we run  
We run, we run

Cause baby, I know places we won't be found  
And they'll be chasing their tails trying to track us down  
Cause I, I know places we can hide  
Yeah, I know places

Lights flash and we run for the fences  
Let them say what they want, we won't hear it  
Loose lips sink ships all the damn time  
Not this time, not this time

Just grab my hand and don't ever drop it, my love  
They are the hunters, we are the foxes and we run  
We run, we run

Baby, I know places we won't be found  
And they'll be chasing their tails trying to track us down  
Cause I, I know places we can hide  
I know places

They take their shots, we're bulletproof  
And you know for me, it's always you  
In the dead of night, your eyes so green  
And I know for you, I know for you  
I know for you, it's always me

Baby, I know places we won't be found  
And they'll be chasing their tails trying to track us down  
Cause I, I know places we can hide  
I know places  
I know places we can hide  
I know places we can hide
