

Invisible Riverside

Ryan Adams

Guess I'll show my hand
Either way I'm losing
You still have the goods
Back when I couldn't use them
Standing by the ocean
Like I'm frozen here in time

So don't let go, don't change your mind
If the stars fall into the oceanside
Someone pull the ribbons from my eyes free
My soul
Let it roll away
On an invisible riverside

I didn't travel far
But my feet were moving
Couldn't read the signs
They were too confusing
Standing by the ocean
Sunset boulevard

So don't let go, don't change your mind
If the stars fall into the oceanside
Someone pull the ribbons from my eyes free
My soul
Let it roll away
On an invisible riverside

I wanna lay my head
Forever on your shoulder
Stay with me my love
Now and when we're older
Standing on the ocean
We got nothing now but time

Yea so don't let go, don't change your mind
If the stars fall into the oceanside
Someone pull the ribbons from my eyes free
My soul
Let it roll away
On an invisible riverside
