

Lovely and Blue

Ryan Adams

So glad that you found someone
Someone and so fast
It's time to let go of someone
And put it to rest
But I don't feel sorry for you
Not sorry at all
No I don't feel sorry for him or for her
My world is gonna revolve
It's gonna keep spinning around me, doll
The world where no one belongs to her
And you're the one she thinks she wants
It's true, she's lovely and blue

So now that it's underground
And they're talking too fast
Whatever that they're talking about, it's not me,
It's all in the past
And I don't feel sorry for you
I'm not sorry at all
No I don't feel sorry, in fact just the opposite
My world is gonna revolve
It's gonna keep spinning around me
The world where no one belongs to her
And you're the one she wants
My world
My world is gonna revolve
It's gonna to keep spinning round me, doll
The world where no one belongs to her
And you're the one she thinks she wants
She thinks, she wants, the world
The world she thinks she wants
It's hers and you'll never get through
Oh god it's so true
It's true,
It's true, she so lovely and blue
