

## Starting to Hurt

Ryan Adams

It's a long way down, but I feel alright  
It's a long way down, but I feel alright  
And the cops get in, and the crowd gets tight  
Take your tomorrow, pain and your sorrow and teach it how to fly  
It's starting to hurt  
Starting to hurt  
Starting to hurt  
Starting to hurt

It's a long way down, but I feel alright  
It's a long way down, but I feel alright  
And I hope you're here, when I hit the ground  
'Cause I'm high on forever, always together, and I'm coming down  
It's starting to hurt
