

# Welcome to New York

Ryan Adams

Walking through a crowd the village is aglow  
Kaleidoscope of loud heartbeats under coats  
Everybody here wanted something more  
Searching for a sound we hadn't heard before

Welcome to New York  
It's been waiting for you  
Welcome to New York  
Welcome to New York  
It's been waiting for you  
Welcome to New York

It's a new soundtrack  
I could dance to this beat, beat  
Forever more the lights are so bright  
But they never blind me, me

When we first dropped our bags on apartment floors  
Took our broken hearts put them in a drawer  
Everybody here was someone else before  
And you can want who you want,  
boys and boys and girls and girls

Welcome to New York  
It's been waiting for you  
Welcome to New York  
Welcome to New York  
It's been waiting for you  
Welcome to New York  
Welcome to New York

It's a new soundtrack  
I could dance to this beat, beat  
Forever more the lights are so bright  
But they never blind me, me

Like any great love it keeps you guessing  
Like any real love it's ever changing  
Like any true love it drives you crazy  
But you wanna change anything anything anything
