

I Will Remember You

Ryan Cabrera

8 years later
time goes by fast
got my memories
and they will last
i try to keep it simple
cause i hate goodbyes
and i try to keep it simple
by telling myself that

I,
I Will remember you
and all of the things
that we've gone through
There is so much I can say
The words get in the way
So were not together
I will remember you
I will remember... you

We're a picture
In my mind
When I want to find you
I just close my eyes
You'll never be that far from me
So don't say goodbye 'cause
You'll never be that far from me
I'm telling myself

I... I will remember you
And all of the things that we've gone through
There is so much I can say
The words get in the way
So were not together
I will remember... you

You were there when I needed a friend
Thank you thank you
I never told you how much that meant
Gotta thank you thank you

I... I will remember you
And all of the things that we've gone through
There is so much I can say
The words get in the way
So

I... I will remember you
And all of the things that we've gone through
There is so much I can say
The words get in the way
We're not together
I will remember you
We're not together
I will remember you

I will remember... you
