

# Last Night

Ryan Cabrera

Can you feel the rain  
Can you feel the cold surround you  
You and I are the same  
Perfect in our own weird way

Do you believe that things can change  
Do you believe they stay the same  
'Cause I don't need your light to light my way  
I don't need it I'm wide awake

Last night's the last time  
I'll shut my eyes  
I wanna leave my best side behind when I go  
I want you to know  
I want you to know

Can you feel me breathe  
Can you feel the heart that's beating  
I'm sick and tired of feeling  
The candle burn inside me

Do you believe that people change  
Do you believe they stay the same  
'Cause I don't need your light to light my way  
I don't need it I'm wide awake

Last night's the last time  
I'll shut my eyes  
I wanna leave my best side behind when I go  
I want you to know that last night's the last time I'll run and  
hide  
I wanna believe I lived my life on fire when I go  
I want you to know  
I want you to know

Last night's the last time  
I'll shut my eyes  
I wanna leave my best side behind when I go  
I want you to know that last night's the last time I'll run and  
hide  
I wanna believe I lived my life on fire when I go  
I want you to know
