

# Let's Take Our Time

Ryan Cabrera

I wanna give every part of you the attention it deserves  
I want to take it slow get you in the mood  
Cuz the clocks not guna turn  
We've been waiting for a couple of weeks  
And i know we shouldn't rush  
Theres no one here but us

I dont want this to die  
Dont want to ever forget this night  
To hurry you would be a crime  
Lets take our time  
Lets take our time

Something so right when i hold you  
I dont want to ever let you go  
When you whisper in my ear  
All the things you want to do  
This sensation starts to grow  
I dreamt about it every day and night  
Never thought that it'd come true  
Now its just me & you

I dont want this to die  
Dont want to ever forget this night  
To hurry you would be a crime  
Lets take our time  
Lets take our time

I dont want this to die  
Dont want to ever forget this night  
To hurry you would be a crime  
Lets take our time

I dont want this to die  
Dont want to ever forget this night  
To hurry you would be a crime  
Lets take our time  
Lets take our time

Lets take our time  
Lets take our time  
Lets take our time
