

# I-R-I-N-A

Ryan Leslie

Uh...

Yeah yeah yeah...

Yeah!

R. Les

You made a difference in my life  
It happened at the moment when I saw your face  
It must have been somethin' in your eyes  
That made it easy like a sunday...  
It's not hard to understand  
Cause anyone who see'S you feels the same way...uh!  
And so I had to take the chance  
To let you know u're so amazing

I-R-I-N-A !  
Said I might not speak your language  
But I know just what to say baby  
I-R-I-N-A !  
Oooh I wanna see you everyday

I wanna get to know you  
To see what makes you laugh  
I wanna be ur future, forget about ur past  
I wanna make u happy by just beeing myself  
Cause I can't be nobody else

I-R-I-N-A !  
Said I might not speak your language  
But I know just what to say baby  
I-R-I-N-A !  
Oooh I wanna see you everyday

La la la la  
Sometimes words they just get in the way  
So I say  
La la la la  
Sometimes the words get in the way  
They get in the way so!

I-R-I-N-A !  
Said I might not speak your language  
But I know just what to say baby  
I-R-I-N-A !  
Oooh I wanna see you everyday  
(see you everyday~)

I-R-I-N-A !  
Said I might not speak your language  
But I know just what to say baby  
I-R-I-N-A ! (yes I wanna be with you)  
Oooh I wanna see you everyday

Even though you might not speak my language... said I'm liking you...
