

Is It Real Love?

Ryan Leslie

Where did you come from, where have you been? (all my life?)
Baby I've missed you in the past (oh I don't know but I..)
I've always known you not to pretend (I can't hide)
All I can do know is hope it lasts

Yeah cuz when I'm looking into your eyes
I get hypnotized
I want you (cuz I feel you want me too)
You got me wondering how you feel
Wondering what you will or won't do
Though it feels like it's make believe

Tell me something?

Is it real love?
You might be the one that I'm waitin on
I hope that it's real girl yeah
So is it real love?
You might be the one that I'm waitin on, waitin on, waitin on

Now you just need someone to hold you (through the night)
You shouldn't have to sleep alone (no use in waistin time)
Don't let the recent past control you (free your mind)
When your in need pick up the phone (I got it when you want it)

Cuz when I'm looking into your eyes
I get hypnotized
I want you (cuz I feel you want me too)
You got me wondering how you feel
Wondering what you will or won't do
Though it feels like it's make believe

Tell me something?

Is it real love?
You might be the one that I'm waitin on
I hope that it's real girl yeah
So is it real love?
You might be the one that I'm waitin on, waitin on, waitin on
