

Just Right

Ryan Leslie

Yea
Gotta love this
NS
For real
Just rock widit like
Uh huh, uh huh, huh

Fo Shizzle
G.A.N.G.S.T.A
From what I see girl it's a must we stay
Together Forever
You see cause ever is ever
And never ever would nobody do it better
Than the S, oh yes
Guess your blessed
I put the rocks on your fingers,
Earrings jingle
No more single
You gotta manin your life
And I understand what your like
Your friends don't understance why you be seein me
But they don't understand your love is treatin me
The way I walk,
The way I Look,
The I talk,
The way we make love in the dark
Somethings in life were ment to be
I thank God above that you were sent for me
See cause my point of view is all about you
You got to tell me what you want girl

It ain't a thing, mama, anything
U need from me baby, please take this ring
It's like braille
Girl the way I feel
It's something that I can't conceal
For sure you're my light
Personified
Myself I can only try
To measure your shine
On an earthly scale
Everything else is pale
Compared to you

Baby you're my cure, you're my remedy
So sincere and pure, said I'll never leave
I'll stay by your side, for eternity
Til the day I die babe
Said you're my cure, you're my remedy
So sincere and pure, said I'll never leave
I'll stay by your side, for eternity
Til the day I die because

Baby you're just right for me
(You're just right for me, babe)
I'm just right for you
(And I just wanna share your life)

Come and share your life with me
(Share your life with me babe)
And I'll share my life with you
(And I'll share my life with you, girl)

Anything that I may have
Anything that I'm blessed to grab
I'll split it in half
For your tender touch
Your luvin girl it means so much
I'll love you in style
On a sundrenched isle
After we go down the aisle
You're the thrill in my life
Our love is amplified
The type that only God provides
And it comes from you

Baby you're my cure, you're my remedy
So sincere and pure, said I'll never leave
I'll stay by your side, for eternity
Til the day I die, oh yeah
Said you're my cure, you're my remedy
So sincere and pure, said I'll never leave
I'll stay by your side, for eternity
Til the day I say bye-bye

And if it's love you need
I'll give it to you baby
And if you want the world on a platter
I'll give it to you ba-baby
Said if it's up to me
I'll give it to you baby
Anything you need it don't matter
I'll give it to you ba-baby

Baby you're my cure, you're my remedy
So sincere and pure, said I'll never leave
I'll stay by your side, for eternity
Til the day I die, oh yea
Said you're my cure, you're my remedy
So sincere and pure, said I'll never leave
I'll stay by your side, for eternity
Til the day I die, cause your

Baby your just right for me
