

# The Way That U Move, Girl!

Ryan Leslie

We're here to have a good time this evening  
I'd like to welcome to the stage none other than Ryan Leslie

I love them shoes you're wearin'  
I'm try'na do my best but I can't stop starin'  
I love the way you're movin'  
Goin' insane from the things you're doin'  
Couldn't help but notice  
Lotta ladies all around but U got my focus  
It's somethin' bout you  
And I don't wanna leave here tonite without you

I love when U move like - that  
Shake it from the front to - back  
Put my hands on your - hips  
Make me wanna kiss them - lips  
I love when U move like - that  
Shake it from the front to - back  
Put my hands on your - hips  
Make me wanna kiss them - lips

It's the way that U move, girl  
Everything U do, girl  
It's somethin' that I want and it's U, girl  
There's somethin' that I want and it's U, girl  
It's the way that U move, girl  
Everything U do, girl  
It's somethin' that I want and it's U, girl  
There's somethin' that I want, girl, it's U

Look at all these fellas  
They wanna talk to U  
U with me - they jealous  
I know they probably hate me  
Just because I'm dancin' with the baddest lady  
Look at 'em scopin'  
Waitin' for they chance everyone of them hopin'  
I know they just itchin'  
I'm sure it's gotta do with the way you're switchin'

Ooooh, I love it baby  
U drive me crazy  
U do - U do  
Ooooh, I love it baby  
U drive me crazy  
U do - U do

I love it, the way U move girl  
The way U shake  
The way U rock  
With the beat, girl  
I love it  
What U do when U do what U do, girl
