

# When We Dance

Ryan Leslie

You gone love it when we dance tonight  
So c'mon sugar put your pretty hands on mine  
Cause anyway you like it, I can blow your mind  
And you gone love it when we dance tonight (r-les)

(Uh) let's take it to the top right now  
(Uh) turn your body upside down  
(Uh) just watch it when the lights go down  
Cause you'll be reaching out for meee (take it down)

I checked into the right hotel  
I know your body type so well  
And what we do tonight, don't tell  
Just keep it between you and me, yeah

We can kiss and whisper  
Make a wish as this goes down  
I'm a real good listener  
So tell me how, you want it now (you gone love it girl)

You gone love it when we dance tonight  
So c'mon sugar put your pretty hands on mine  
Cause anyway you like it, I can blow your mind  
And you gone love it when we dance tonight

(Uh) it's over when you breathe like that  
(Uh) didn't know that you could tease like that  
(You) your feet between yah knees like that  
Whenever your dancing with meee

(Uh huh) I wanna make the rain come down  
(Uh) so loud, everybody can hear the sound  
(Uh) your screaming like a bad girl now  
I'll show you how, I bring it ouut

We can kiss and whisper  
Make a wish as this goes down  
I'm a real good listener  
So tell me how, you want it now

You gone love it when we dance tonight  
So c'mon sugar put your pretty hands on mine  
Cause anyway you like it, I can blow your mind  
And you gone love it when we dance tonight

Left right up and down  
Rock it to the beat now

We be in the dark  
Making that sweet sound

Please don't hesitate  
Baby come closer (baby come closer)

Cause you like the way I move it  
And you...  
You gone love it when we dance tonight

So c'mon sugar put your pretty hands on mine  
Cause anyway you like it, I can blow your mind  
And you gone love it when we dance tonight
