

Nothing Left To Say

Ryan Malcolm

Nothing left to say, say
Nothing left to say, say
Nothing left to say

I've been looking on the bright side
I've been trying to remember
I've been thinking of the good times,
But they seem so far away
And you used to be someone,
That I could always count on
But now you only count on me
It's like I don't even know you and you don't even care,
It's like I lost you somewhere

And I, I'm trying to be your friend,
And I'm doing the best I can,
But sometimes I don't understand why you
Why you're asking me to stay, when you're pushing me away
In the silence here between us
There's nothing left to say
Oh there's nothing left to say

Oh day in and day out,
I've been hoping things would change
I've been showing you a way out
But you slammed the door on me
You used to be someone, who laughed until you cried
Ah now you just cry, you just cry
It's like I don't even know you and you don't even care,
It's like I lost you somewhere

So how long should I try,
To break my way inside and drag you back into the light
'Cause it's tearing me apart and I'm feeling I should start thi
nking of you
And I'm trying to be your friend,
And I'm doing the best I can, doin' the best I, doin' the best
I
There's nothing left to say

[Chorus 2x]
