Breathe

Ryan Star

She's fine most of the time
She takes her days with a smile
Moves like a dancer in light
Spinning around to the sound
But sometimes she falls down

Breathe, just breathe
Take the world off your shoulders and put it on me
Breathe, just breathe
Let the life that you live be all that you need

She likes New York at night
She dreams of running away
Shine on bright like the sun
And even the sky turns gray
I need you to hear me say
I need you to hear me say

Breathe, just breathe
Take the world off your shoulders, put it on me
Breathe, just breathe
Let the life that you live be all that you need

Let go of our fear, let go of our doubt
Let go of the ones who try to put you down
You're gonna be fine, don't hold it inside
If you hurt right now then let it all come out

Breathe, just breathe
Take the world off your shoulders, put it on me
Breathe, just breathe
Let the life that you live be all that you need

Breathe, just breathe
Take the world off your shoulders, put it on me
Breathe, just breathe
Let the life that you live be all that you need

Let go of our fear, let go of our doubt
(Let the life that you live be all that you need)
Let go of our fear, let go of our doubt
(Take the world off your shoulders, put it on me)
