

Bullet

Ryan Star

This is the first time I could see living here
To many sleepless nights without you
And as the wind is speaking for the trees
I hear you can't move on without me
And I'm not everything I want to be
This place is just so hard without you
I'll find you when we both are kids again
For you I'll always take the bullet

For you I'll always take the bullet
For you I'll never turn in anger
And even if this leaves you all alone
For you I'll always take the bullet

I wish our life was like a video game
And I can always start it over
We gotta hold on to this life we made
So I can watch you grow unaltered

For you I'll always take the bullet
For you I'll never turn in anger
And even if this leaves you all alone
For you I'll always take the bullet

Wait for it, just keep waiting
Just keeá¹— waiting
Now

For you I'll always take the bullet
For you I'll always take the bullet
For you I'll always take the bullet
For you I'll always take the bullet
