

# Losing Your Memory

Ryan Star

Call all your friends  
Tell them I'm never coming back  
'Cause this is the end  
Pretend that you want it, don't react

The damage is done  
The police are coming too slow now  
I would have died  
I would have loved you all my life

You're losing your memory now  
You're losing your memory now  
You're losing your memory now  
You're losing your memory now

Where have you gone?  
The beach is so cold in winter here  
And where have I gone?  
I wake up in Montauk with you near

Remember that day  
'Cause this is what dreams should be  
I just want to stay  
I just want to keep this dream in me

You're losing your memory now  
You're losing your memory now  
You're losing your memory now  
You're losing your memory

Wake up, it's time, little girl, wake up  
The best of what we've done is yet to come  
Wake up, it's time, little girl, wake up  
Just remember who I am in the morning

You're losing your memory now  
You're losing your memory now  
You're losing your memory now  
You're losing your memory

You're losing your memory now  
You're losing your memory now  
You're losing your memory now  
You're losing your memory
