

Losing Your Memory

Ryan Star

Call all your friends
Tell them I'm never coming back
'Cause this is the end
Pretend that you want it, don't react

The damage is done
The police are coming too slow now
I would have died
I would have loved you all my life

You're losing your memory now
You're losing your memory now
You're losing your memory now
You're losing your memory now

Where have you gone?
The beach is so cold in winter here
And where have I gone?
I wake up in Montauk with you near

Remember that day
'Cause this is what dreams should be
I just want to stay
I just want to keep this dream in me

You're losing your memory now
You're losing your memory now
You're losing your memory now
You're losing your memory

Wake up, it's time, little girl, wake up
The best of what we've done is yet to come
Wake up, it's time, little girl, wake up
Just remember who I am in the morning

You're losing your memory now
You're losing your memory now
You're losing your memory now
You're losing your memory

You're losing your memory now
You're losing your memory now
You're losing your memory now
You're losing your memory
