

Perfect

Ryan Star

Rubberbands are holding me together
Need the perfect smile for my mother
Look, we've done away with our disease
When I'm dead you'll know me by my teeth

And you, you're perfect now, just smile
La, ha, hey
You're perfect now, just smile
Oh

Got my braces off of me this morning
I should have listened to the doctor's warning
Changed my face, you call me names and tease
When you're dead I'll call you what I please

Oh you, you're perfect now, just smile
Whoa
La, da, hey
You're perfect now, just smile
Oh

Rubberbands are holding me together
Rubberbands are holding me together

I need the perfect smile for my mother
Rubberbands are holding me together

Yeah, you're perfect now, just smile
Oh, la la, hey
You're perfect now, just smile
Oh
Yeah, you're perfect now, just smile
You're perfect now, just smile
Oh
You're perfect now, just smile
You're perfect now, just smile
