

Saw You In Heaven

Ryan Star

I thought I saw you in Heaven
When I was there last night
They said you haven't been comin'
So I want to know you're alright

Then I walked down to SoHo
Where we hung on movie star lives
They said you haven't been comin'
So I want to know you're alright
And I want to know you're alright

And if you find your way back home
I will be waiting on my own

I thought I saw you in Heaven
When I was there last night
They said you haven't been comin'
So I want to know you're alright
And I want to know you're alright
And I want, and I want to know you're alright
