

The One You Know

Ryan Star

Time, it is a feeling
The more you drive, the more you disappear
Music is believing
The more you close your eyes, the more you hear
The more you drown, the more you disappear

It's the one you know, it's the one you know
It's the one you love right here
It's the one you know, it's the one you know
It's the one you love right here

Fire, it is a feeling
The more you touch, the more you turn away
Desire is believing
The more you love, the more you let decay
I want to feel the pleasure from your pain

It's the one you know, it's the one you know
It's the one you love right here
It's the one you love, it's the one you know
It's the one you love right here
It's the one you know right here

It's the one you love
It's the one you love
It's the one you love right here
It's the one you trust
It's the one you f*ck
It's the one you love right here
