

## The Same When I'm Alone

Ryan Star

I'm walking past your house  
Just to see your old light on  
And I wonder where you are  
And why you didn't call, my dear  
It's the same when I'm alone, my dear  
So why don't you stay?

As I sit here on the phone  
And I think of what you said  
About how you'll never leave  
It's just echoes in my head, my dear  
It's the same when I'm alone, my dear  
So why don't you stay?

So why don't you stay?  
So why don't you stay?
