

# Boy Like That

Ryan Tedder

Never saw something in a boy like that  
Never, never thought I'd want a boy like that  
Never saw something in a boy like that  
Never, never thought I'd want a boy like that

Just look at what you're doing  
The way you show improving  
Your vain has got me moving  
I just want to get down to it  
Don't need no motivation  
I'm done with being patience  
Like all your conversations  
Talk me into what you're thinking

Mama said don't talk to strangers  
Tell me boys like you are danger  
She never met one like you  
She don't know what I go through  
Mama said don't talk to strangers  
Tell me boys like you are danger  
Everyone's trying to warn me  
I know what's good for me

Baby, got me acting crazy  
Never thought I'll click with a boy like that  
Now I'll stick with a boy like that  
Baby, you're so damn amazing  
Never thought I'll click with a boy like that  
Now I'll stick with a boy like that

Just like a knocked-up party  
We're going till the morning  
I can't be nice and naughty  
Boy, just tell me how you want it  
You want to paint a picture  
A setting win me with ya  
On a grown up slip for a long trip  
Got nowhere to go but with ya

Mama said don't talk to strangers  
Tell me boys like you are danger  
She never met one like you  
She don't know what I go through  
Mama said don't talk to strangers  
Tell me boys like you are danger  
Everyone's trying to warn me  
But I know what's good for me to say

Baby, got me acting crazy  
Never thought I'll click with a boy like that  
Now I'll stick with a boy like that  
Baby, you're so damn amazing  
Never thought I'll click with a boy like that  
Now I'll stick with a boy like that

Now I don't mean to be forward  
But I'm moving this on with you

What you want me to do?  
Got no hesitation, boy it's true  
I don't how you done it  
I ain't the kinda girl to just want it cold  
But you got me so  
Lips I wanna kiss and hands to hold

Ooh ooh ooh, ooh ooh ooh ooh ooh  
Ooh ooh ooh, ooh(Ooh oh) ooh ooh ooh ooh

I don't just want to be friends  
Can't you see what's happening?  
Watch me cross the line  
Come and take me

Baby, got me acting crazy  
Never thought I'll click with a boy like that  
Now I'll stick with a boy like that  
Baby, you're so damn amazing  
Never thought I'll click with a boy like that  
Now I'll stick with a boy like that

Baby, got me acting crazy  
Never thought I'll click with a boy like that  
Now I'll stick with a boy like that  
Baby, you're so damn amazing  
Never thought I'll click with a boy like that  
Now I'll stick with a boy like that

Never saw something in a boy like that  
Never, never thought I'd want a boy like that  
Never saw something in a boy like that  
Never, never thought I'd want a boy like that  
Never saw something in a boy like that  
Never, never thought I'd want a boy like that  
Never saw something in a boy like that
