Everything

Ryan Tedder

The first time i looked in your eyes i knew I would do anything for you the first time you touched my face i felt what i never felt with anyone else. i want to give back what you've given to me i want to witness all of your dreams now what you've shown me who i really am i wanna be more than just your man

i wanna be the wind the fills your sails be the hand the lifts your veil be the moon that moves your tide and sun coming up in your eyes be the wheel that never rusts be the spark that lights you up all that you've been dreaming of and more soo much more i wanna be your everything.

When you wake up, ill be the first thing you see and when it gets dark you can reach out to me ill cherish your worries ill finish your thoughts ill be your compass baby, when you get lost.
