Everything

Ryan Tedder

The first time i looked in your eyes i knew
I would do anything for you
the first time you touched my face i felt
what i never felt with anyone else.
i want to give back what you've given to me
i want to witness all of your dreams
now what you've shown me who i really am
i wanna be more than just your man

i wanna be the wind the fills your sails
be the hand the lifts your veil
be the moon that moves your tide
and sun coming up in your eyes
be the wheel that never rusts
be the spark that lights you up
all that you've been dreaming of and more
soo much more
i wanna be your everything.

When you wake up, ill be the first thing you see
and when it gets dark you can reach out to me
ill cherish your worries ill finish your thoughts
ill be your compass baby, when you get lost.
