Strong Enough

Ryan Tedder

You don't have to say goodbye
I'm strong enough to take the blame
I see it coming in your eyes
I know your feeling just the same
You've painted me a portrait of
A picture perfect kind of love
The furtures looking up to me
You've changed all my reality

And I've tried to be as strong as I could possibly have been for you
I've waited for so long for this day
When I'd have a love to say

Oh, I'm strong enough to know when I'm feeling love
And you don't have to show me what it's all about
I'm strong enough to put away the foolish pride
I'm understanding now what you feel inside
I'm strong enough to hurt when I'm feeling pain
The kind where you don't get up away
And I know what your thinking of
And I'm strong enough to love

The time is left just standng here
It's time enough to face our fears
The world is such a funny place
Amazing how we're face to face
Ihad a dream that you and I
Will drive into a setting sky
Well you dont even turn around
My voice is fully full of sound

And I've tried to be as strong as I could possibly have been for you
I've waited for so long for this day
When I'd have a love to say

Oh, I'm strong enough to know when I'm feeling love
And you don't have to show me what it's all about
I'm strong enough to put away the foolish pride
I'm understanding now what you feel inside
I'm strong enough to hurt when I'm feeling pain
The kind where you don't get up away
And I know what your thinking of
And I'm strong enough to love

I know thats it's hard to love sometimes
It's no surprise that you couldn't find
Anyone to fill that hole in your heart
You don't wanna be torn apart

Oh, I'm strong enough to know when I'm feeling love
And you don't have to show me what it's all about
I'm strong enough to put away the foolish pride
I'm understanding now what you feel inside
I'm strong enough to hurt when I'm feeling pain
The kind where you don't get up away
And I know what your thinking of
And I'm strong enough to feel the dream of

Well I'm strong enough to love
