

Better Than You

Rye Rye

Anything you can do I can do better
I can do anything better than you
No you can't
Yes I can
Can't

I see it in the magazines you're jackin' my shit
No you can't
I see it on the street stray rockin' my shit
No you can't
Bet I do it better, way better than the chive
No you can't
So what you do is small, I'm a do it real big

The hell, I bet that your image is dead
I showed you how to do it, like you was my kid
I was some big hair, and she went and got a wig
Whether you laid it, bitches cappin' red bricks
I think of poor slits, the real got the more and
Swathy said she got hers
From the warm muslin, she start castin'
I'm G smart and, what I said
That she said it's in the heart man

Anything you can do I can do better
I can do anything better than you
No you can't
So you're in the magazines wearing my shit
Anything, I can do it better
No you can't
Heard you singing songs that sounds like me
Anything, do I can do it better
No you can't
And when I wear my tennis shoes
I wear 'em way better
And when I wear my heels
I wear 'em better
And when I get my hair done
I get it way better
Then I go and get my nails done
Better than you
Shawty got brace
So he swear that he the thug
I got that Amy Chu
So I look at him and mug
He standin' on the corner
Posted out, with a thug
But I don't do those
I can post through the sun
He got old jeans, I got the newer ones
You got dark blue, than I'm frackin' the bluer ones
She got on the justin, I got on the cuter ones
And she go to public school, I got the tutor on

So you're in the magazines wearing my shit
Anything, I can do it better
No you can't

Heard you singing songs that sounds like me
Anything, I can do it better than you
And when I wear my tennis shoes
I wear 'em way better
And when I wear my heels
I wear 'em better
And when I get my hair done
I get it way better
Then I go and get my nails done
Better than you

I go in the tense hense
And the sunlight case
But I'm all "Hey Mister, beat you to the famous"
Seen you at the party 'cause I'm pu-pu-pushin'
You think about the wall pass painting 'cause
Girls been through round something looking more
And I bet you to do and do damn rock 'n roll
Facebook, face facts
Girl you know you lie
Bla bla bla bla bla
And she calls back

So you're in the magazines wearing my shit
Anything, I can do it better
Heard you singing songs that sounds like me
Anything, I can do it better than you
And when I wear my tennis shoes
I wear 'em way better
And when I wear my heels
I wear 'em better
And when I get my hair done
I get it way better
Then I go and get my nails done
Better than you

Wanna be the next one
Wanna be the next big thing
Wanna be the next

So you're in the magazines jackin' my shit

Wanna Wanna be the next

Wanna be the next
