

## Drop

Rye Rye

I drop to the floor, it's nothing  
Drop to the floor, it's nothing  
It's scraping on the floor  
It's scraping on the floor  
Back it, back it up and gimme some more  
It's in the, I, I bring it down low  
And get low, with it  
Low, with it  
I'm seeing you go with it  
Get up  
Go get it  
Move your body real slow with it  
Get up  
Slow with it  
I'm seein' at, go with it  
Get up  
Go get it

I wanna get it good, when I fly a boy chillin' over there  
I wonder if he noticed that I want him over here  
I see him watch them hers, I show mine's every year  
I dropped it down low, I put my booty in the air  
And I'm a rockstar so you know I don't care  
Till I fly your shit, when I fly your hair  
And I'm so sick of the aerish chair  
I'm a hot girl, don't white girl share

I drop to the floor, it's nothing  
I drop to the floor, it's nothing  
It's scraping on the floor  
It's scraping on the floor  
Back it, back it up and gimme some more  
As in, I, I bring it down low  
And get low, with it  
Low, with it  
I'm seeing you go with it  
Get up  
Go get it  
Move your body real slow with it  
Get up  
Slow with it  
I'm seein' at, go with it  
Get up  
Go get it

And I hope I got time to be joking  
Boys in the back, must smoking  
It's in the this holla, on the dance floor roastin'  
And fake cheeks and my face keep pelsing  
I'm lookin' at him real smooth like cool and  
He lookin' at me like "Girl, how you do this?"  
I brought my hips real slow we can do it  
It's getting rough girl, go music

I drop to the floor, it's nothing  
Drop to the floor, it's nothing  
It's scraping on the floor

It's scraping on the floor  
Back it, back it up and gimme some more  
As in, I, I bring it down low  
And get low, with it  
Low, with it  
I'm seeing you go with it  
Get up  
Go get it  
Move your body real slow with it  
Get up  
Slow with it  
I'm seein' at, go get it  
Get up  
Go get it

Move your body to the bass line  
Dude, now you got your hands on my waist line  
Hurry up, I don't waste time  
You rude boy, I had it to the great fine  
You talking real slick, I like that  
You blowing kiss kiss, blow right back  
You can call me candy girl, 'cause I'm so sweet  
You can see the way I work so you know I'm not weak

I drop to the floor, it's nothing  
Drop to the floor, it's nothing  
You can call me candy girl, 'cause I'm so sweet  
You can call me candy girl, 'cause I'm so sweet  
Drop the eight away, so you know I'm goin' free  
Drop the eight away, so you know I'm goin' free  
You can call me candy girl, 'cause I'm so sweet  
You can call me candy girl, 'cause I'm so sweet  
Drop the eight away, so you know I'm goin' free  
Drop the eight away, so you know I'm goin' free
