Rye Rye

Rock off shake off rock off shake  
Rock off shake off shake shake  
Now Rock off shake off rock off shake  
Rock off shake off shake shake  
Everywhere I wander and  
Eyes I saw my risin' sun  
And now that everyone was fast asleep to my sound  
Sound, sound  
Sound, sound  
Sound, sound  
Sound, sound  
Bass, Bass  
Bass, Bass  
Bass, Bass  
Bass, Bass

We got big things dropping, little things poppin'  
Rye Rye show 'em how it's done  
I took a little trip to Europe  
Never took a little trip to Spain  
Now all you peeps get ready  
'Cause Rye Rye is my name  
I'm a drop it down once, beated up  
Then Germany here speed it up  
Always down for the crown fuck it up  
Everybody in the place get pumped  
Now rock off shake off rock off shake  
Read my lips, Y'all can tell  
Tonight is the night we ain't gonna' hate  
Gettin' that breath on up that cane  
I took a little trip to Europe  
Never took a little trip to Spain  
Now all you peeps get ready  
'Cause Rye Rye is my name

Rock off shake off rock off shake  
Rock off shake off shake shake  
Now rock off shake off rock off shake  
Rock off shake off shake shake  
Everywhere I wander and  
Eyes I saw my risin' sun  
And now that everyone was fast asleep to my sound  
Sound, sound  
Sound, sound  
Sound, sound

Bass, Bass  
Bass, Bass  
Bass, Bass

If you dang it with me, who else can see  
Niggers wilin' out, plus means and shit  
Turn me to the night club later  
Ladies beat it up, will work  
Boombox ain't loud enough  
Gotta go out just to get a while messed up

Vibration than my body ran  
Hid my heart beat, and my insides scream  
Yo yo now everybody get on the floor  
Stop on the cross ring me and give me some more  
Everybody get on the floor  
Stop on the cross ring me and give me some more  
Hey you never seen a dance like this, no  
Got gangsters kickin' up dead cold  
Mad deep with scar, it's no joke  
Tried to sop up with the beat, it's no hope  
Gotta go to the bathroom just to speed  
Love gettin' dirty, wanna speak the speak  
Ain't gonna share where I'm from  
Now Fuck is up, don't be dumb  
Fuck is up, don't be dumb  
Fuck is up, don't be dumb  
Fuck is up, don't be dumb  
Don't be dumb  
Don't be dumb
