Hahaha, Digi, yo, yo

When I was young, I slept with a battery on my tongue
So when I spit, the impact with the sting of a stun gun
At full blast, rock your cradle, fatal razorblades graze you
Split you open, stitch you back wit a staple
I'm football head, I put your head
Into a brook, all four, your momma wouldn't look at ya'll
Gold from the Panama canal, Alabama gam'
Got me laid up, on my nuts like kapow
B-O-B-Boy's fast as Bruce Leroy
Meet the rap Galactus, blow planets off his axis
My glock is plastic, my dick \*sniff\* is magic
Stretch up the Power U like Mr. Fantastic

Stop, it's a booby trap
Wouldn't you rather have a Digi or a Scooby Snack?
Digi Snack, yeah, while we living in a booby trap
