Born and... no definition

Eliminate indoors who are fake as my decision
I send the Holy Marry to your God not convert you to religion
If the sky had eyes he could see the pussyness
And all you... tender love and business, God
I can see the future... and all your flaws
... start seeing the weakness, nigga is terrified
Listen, I fed a pig to a savage
Then he jumped like rabbit... in a hoop then he caught...

I know a lot of you niggas can't get it right
Just can't get it right, just can't get it right
No niggas, just can't get it right, just can't get it
Just can't get it right!
