Aoo
Oh Yeah!
Definetly
Oh Yeah

I got too many ladies, I got to learn to say no
Ohh, We Love You Rakeem
I got too many ladies, yo, I got to learn to say no
Ohh, We Love You Rakeem, Ohh Rakeem

Time is moving slow, life is a drag
This money to make ya, more girls to bag
Fully aware, so I step upon the square
Lookin for what? The cooty and the chair
Flex and I flex on the opposite sex
Hit 'em off quick and step to the next
It's seems I'm a feem for a sex routine
Love to hear them scream
(Woman: Ohh Rakeem)
And my response is "Oh"
Always satisfy them, you know how I flow
But since I'm not lazy, I'm buck wild and crazy
I kiss the bussom, but never eat the daisies
And my ladies love me deeply
Because I'm handsome, charming and freaky
And when they need me, they won't go
And now I'm stuck, I should of said no

Ohh we love you Rakeem
And I love you to
Ohh we love you Rakeem
Thank you
Ohh we love you Rakeem
Your far too kind
Ohh Rakeem
Gosh
Ohh we love you Rakeem
You feeling mutual love
Ohh we love you Rakeem
Oh do you?
Ohh we love you Rakeem
HMMMMMM
Ohh Rakeem

When I walk down the block
The girls stop and glock
They hop on my jock
Cause I got mad props
Tall & slim with the brown skin conflection
Half them sweating my love and affection
As I collect them, I must wan't to protect them
Love them deeply, but never disrespect them
I keep a tab on the large amount
But sometimes I find myself losing count

Of Latika, Diane, Lisa
Stephanie, Jackie, Teresa
Sharonda, um um, Veronica
Latasha, Sinthia & Monica
Never the less, you must give respect
To the femine queens that the God selects
I love them all, but even though
I'm rather happy, I should of said no
But yet my ego gets in the way
And always something that I'll never say
I'd just bag them, keep 'em under my wing
Put them in a posse, and et them sing

Do you
Say it again baby
Yes I like it
Come on you can say it louder
Cuz I love you all
Thank you
Rakeem Allah the greatest baby
