Join the operator  
This is hot potato  
Maybe drop it now  
Or try to drop it later  
The innoculator - pop glock  
Will stop a hater  
Shell-shock a cop  
My glock is dark as vader

Twisted bottle cap  
Yamulke, harmonica salute  
Goon, vidal sassoon, boom  
I ain't gotta rap  
Polish off the molotov cocktail  
Felafel rocket launch weapon  
Hold, plead the 5th  
Cocaine in the pita pit  
No name need to spit  
Making sure kosha dillz really it  
One man fight, might pop a wheelie kid  
Just another guy, pray that my mother lie  
Heavenly the day I day I better be  
Walk the hinges from the feet up off the inches  
9 milimeter off seal, I mean business  
I mean business, see me for  
Cock pistol, reload, shoot  
Street money, cpr  
Teach you scars, double down  
3 new cards, no parole, max out  
Killa, I eat through bars  
New jersey journey pot  
Wild turkey hershey spot  
Watch out, til the block house  
Nut house get shot out  
Shout out a shout out to  
Cop house, I got out  
Back to the grill again  
And a grill get knocked out  
Fortified with vitamins from israel  
To fight your lands, kosha dillz  
In fighting stance, killa man  
With mic in hand

Gotta be hood to love it  
All throughout the suburbs  
Get heard like it's rubbish  
Get blood spilled, sidewalks  
With drugs and some slugs lit

Blocks where the bloods is  
Some niggas on some cause shit  
Gutter biz, that's that beef smell  
In the alleyway  
Murder rate, yellow tape  
Another way the? is played  
With a stomach growl in place  
Can't make the hunger stop  
Same? hungry block  
It's that white game, dice game  
And I'm a spot shorties  
Between the brides, already  
Youngest that could run a block  
This is where they dump a shot body  
In that dumpster  
Hood life, this that scene where  
The fiends live the hooked life  
Hard white, cooked right  
They searching for that good price  
This that scene where  
The fiends live the hooked life  
Hard white, cooked right  
They searching for that good price
