

## Thirsty

RZA

Drip, drip  
It's hot outside man (drop, drop) One, two  
I know niggas is +Thirsty+ (boodoodoodoodoodoo)  
(Bobby Digital) One, two  
It's hot outside (Bo-Bo-Bo-Bo)  
About a motherfuckin' hundred degrees, humid  
(Bo-Bobby, yeah, Digital)  
And niggas is +Thirsty+ (Di-Di-Di-Digital)

Ayo, this I dedicate to niggas who bust guns  
All my live niggas who sold Vamps and didn't +Run+  
My juveniles wild to stay out past their curfew  
A build upon life and drink beers like their pops do  
A subject of the streets, yo kid it's +Burning Season+  
Don't expose the joint without intentional reason  
Summer time (Digital), dehydrated, niggas out to quench thirst  
Quench thirst, we might want to stay in home, oh fuck it  
Rock the camo', I got the ammo  
A long shot, look like I play for the Knicks  
So call me Rambo, Beretta 9, Killarm' recon' (Digital)  
Rob me, I might rob you, then it be on

Digital...  
Radical +White Boy+ push skate board, not Mountain Dew  
Old splash, d'ya see that bright yellow shirt with the Wu W?  
Faced you with the flight of a butter fly wing  
Fierce as the eagle, sting of the underground beetle  
Might wobble or fall down inside the squabble  
In summer time, cracked the ice cold bottle  
Take the swallow, and give all praises due to the true  
And do the Dew, just do the Dew, do the Dew...
