Aiyo, we keep these wizzes in the lab, held down like hostages  
Dime pieces, deep throat like ostriches  
I'm vegetarian, don't eat swine sausages  
You defeat the Killa Beez? Don't be proposterous

Bobby, steal the show, let 'em know who got the shit

Zu, muthafucka, Wu, (yeah), we got this shit

Bobby Bobby Bobby, Digi Digi Digi

E-lectricity, e-lectricity  
Yeah, shells all in my clip, wizzes all on my dick  
Leather wood, on the whip, rubbergrips on four fifths  
Escape from jakes, if I'm traced, more paper to make  
My team form the C.R.E.A.M., we exchange it for cake  
Cherries on the top, I grind for the gwop  
I'm grot, then I shine, then I rise to the top  
Roll, with flurries of cops, money bulging in my socks  
Loving my block, cuz we all that we got, got  
Bobby Bobby Bobby, Digi Digi Digi  
Oh yeah, ya'll know who is he, ya'll keep these wizzes dizzy

Bobby Bobby Bobby, Digi Digi Digi

E-lectricity, e-lectricity

I love my hood and my block, cuz it's all that we got  
On the grind for this gwop, give it all that we got
