

# Top Of The Globe

S.A.S

It's Dipset, S.A.S., yes  
Uh, Streets All Salute  
You niggaz pussy, you should call your troops  
Yeah

Everybody saying what's the deal with the Roc  
Never was a deal with the Roc, was dealing them rocks  
We still at the top, you flop, like you shottin' them O's  
I put my city on the map, we at the top of the globe, whoa  
Cop a V 'til they make the seventh  
I be rolling, patrolling, I'm David Beckhams (What's that)  
23s, I ain't even 23  
But I need my change trucky kinda like a Chevy B  
In a few months you gon' see ourselves  
Met Dame, next day we on TRL  
Uh, the slum rappin', when the gun clappin'  
It'll have his heart beatin' like a drum pattin'  
Doin' dirt, movin' work is my ends bro  
F reverse, raiders gettin' murked like a Benzo  
See we used to move yay to them cats  
And now we got the U.K. on our backs  
So we gon' rep it for y'all

But first you gotta just (keep me baby)  
We went from shottin' them O's to rockin' them shows  
And now we feel we at the top of the globe  
So scream at me  
(2x)

There was times when the kid was hungry, I been fastin'  
Now bruv, I'm gettin' this money, I been crafted  
Shout on the top of the game, I been barfin'  
You funny-style niggaz is lame, I been laughin'  
See May' is a Euro gangsta, Blood  
And we know, you're a prankster, Blood  
Go steal some'n, I will backhand you  
Squeeze and blam-blam you  
Tape ya mouth, arms, and knees, and trashcan you  
It was a long time doin' this (We been movin')  
Now haters wanna ruin this (It's been proven)  
We gon' reach the top, I know they love us  
Killa and Jones guiding us like older brothers  
Uh, and I'm grateful, they just made few  
Now I'm signed, I bring the whole U.K. through  
See, you can't claim what you ain't do  
I'm still May', still bang with the same crew

But first you gotta just (keep me baby)  
We went from shottin' them O's to rockin' them shows  
And now we feel we at the top of the globe  
So scream at me  
(2x)

Streets is crazy, Signed and sealed, so now you gotta keep me baby  
there's no reasoning  
Watch face, yo it's nuttin' cuz we grown now  
You ain't been through half of my struggle

See you on bro, your man shoulda bought us  
Used to be on the bench with 10s when you call us  
Now we paid to represent like we lawyers  
Me and Union Eurogang, we bang, plus we re-grouping, um  
I see how you chumps changed  
We heading for Trump change, umm

But first you gotta just (keep me baby)  
We went from shottin' them O's to rockin' them shows  
And now we feel we at the top of the globe  
So scream at me  
(2x)
