

# Bring the House Down

S Club 7

As the night draws in, let the game begin  
It's a groove thing  
Let your feet decide, gonna catch a ride  
Keep on movin'  
So let's go away  
The mood can't be that hard to reach  
The night will just take us there

And all you gotta do is  
All you gotta do is

Bring the house down  
Raise the roof and get on the floor  
(House down, raise the roof and get on the floor)  
Let's bring the house down  
Really wanna hear you shouting more, more, more  
Really wanna hear some more

You stay in bed, with a sleepy head  
Doing nothing  
You can always try, just to walk on but  
It will pull you in  
We're flying away  
We fall into this fantasy  
Where the groove will carry us on

And all we gotta do is  
All we gotta do is

Bring the house down  
Raise the roof and get on the floor  
(House down, raise the roof and get on the floor)  
Let's bring the house down  
Really wanna hear you shouting more, more, more  
Really wanna hear some more

Everybody do your thing  
Let's bring the house down  
Everybody spread your wings  
Let's bring the house down

So let's go away  
The mood can't be that hard to reach  
The night will just take us there

And all you gotta do is  
All you gotta do is

Bring the house down  
Raise the roof and get on the floor  
(House down, raise the roof and get on the floor)  
Let's bring the house down  
Really wanna hear you shouting more, more, more  
Really wanna hear some more
