

Bring the House Down

S Club 7

As the night draws in, let the game begin
It's a groove thing
Let your feet decide, gonna catch a ride
Keep on movin'
So let's go away
The mood can't be that hard to reach
The night will just take us there

And all you gotta do is
All you gotta do is

Bring the house down
Raise the roof and get on the floor
(House down, raise the roof and get on the floor)
Let's bring the house down
Really wanna hear you shouting more, more, more
Really wanna hear some more

You stay in bed, with a sleepy head
Doing nothing
You can always try, just to walk on but
It will pull you in
We're flying away
We fall into this fantasy
Where the groove will carry us on

And all we gotta do is
All we gotta do is

Bring the house down
Raise the roof and get on the floor
(House down, raise the roof and get on the floor)
Let's bring the house down
Really wanna hear you shouting more, more, more
Really wanna hear some more

Everybody do your thing
Let's bring the house down
Everybody spread your wings
Let's bring the house down

So let's go away
The mood can't be that hard to reach
The night will just take us there

And all you gotta do is
All you gotta do is

Bring the house down
Raise the roof and get on the floor
(House down, raise the roof and get on the floor)
Let's bring the house down
Really wanna hear you shouting more, more, more
Really wanna hear some more
