Bring the House Down

As the night draws in, let the game begin It's a groove thing Let your feet decide, gonna catch a ride Keep on movin' So let's go away The mood can't be that hard to reach The night will just take us there

And all you gotta do is All you gotta do is

Bring the house down Raise the roof and get on the floor (House down, raise the roof and get on the floor) Let's bring the house down Really wanna hear you shouting more, more, more Really wanna hear some more

You stay in bed, with a sleepy head Doing nothing You can always try, just to walk on but It will pull you in We're flying away We fall into this fantasy Where the groove will carry us on

And all we gotta do is All we gotta do is

Bring the house down Raise the roof and get on the floor (House down, raise the roof and get on the floor) Let's bring the house down Really wanna hear you shouting more, more, more Really wanna hear some more

Everybody do your thing Let's bring the house down Everybody spread your wings Let's bring the house down

So let's go away The mood can't be that hard to reach The night will just take us there

And all you gotta do is All you gotta do is

Bring the house down Raise the roof and get on the floor (House down, raise the roof and get on the floor) Let's bring the house down Really wanna hear you shouting more, more, more Really wanna hear some more
