

Hey Kitty Kitty

S Club 7

You're so fine

Hey, look at me, can't you see?
I'm the girl in all your dreams
So lay back, close your eyes
'Cos I'm wilder than I seem

Boy, don't you feel the heat rise?
Almost too much to take
Don't put your heart in my hands
'Cos you know, it's gonna break

I love to be loved but I won't stay too long
I just live to be free
Call my name, turn around, baby, I'll be gone

Hey, Kitty, Kitty, shame on you
How'd you get away with the things you do?
So good at being bad, blow my mind
Hey, Kitty, you're so fine

You look for me in the dark
'Cos I only come out at night
So come along for the ride
But you gotta hold tight

I love to be loved but I won't stay too long
I just live to be free
Call my name, turn around, baby, I'll be gone

Hey, Kitty, Kitty, shame on you
How'd you get away with the things you do
So good at being bad, blow my mind
Hey, Kitty, Kitty, you're so fine

Hey, Kitty, Kitty, set me free
Why'd you wanna do what you do to me?
So good at being bad, blow my mind
Hey, Kitty, Kitty, you're so fine
You're so fine

Hey, look at me, can't you see
That I ain't gonna stay too long?
Call my name, turn around, baby, I'll be gone

Hey, Kitty, Kitty, shame on you
How'd you get away with the things you do?
So good at being bad, blow my mind
Hey, Kitty, Kitty, you're so fine

Hey, Kitty, Kitty, set me free
Why'd you wanna do what you do to me?
So good at being bad, blow my mind
Hey, Kitty, Kitty, you're so fine
You're so fine
